Material Safety Data Sheet

Luxcare Tire Dressing

Section 1 - Material Identification and Use

Manufacturer's Name..... **Cal-Tex Protective Coatings, Incorporated**
 Manufacturer's Address..... 7455 Natural Bridge Caverns Road Schertz TX 78154
 Emergency Phone Number..... INFOTRAC 1-800-535-5053 24 Hours Per Day, 7 Days Per Week
 Supplier Name and Identifier..... **Cal-Tex Protective Coatings, Incorporated**
 Supplier's Address..... 7455 Natural Bridge Caverns Road Schertz TX 78154
 MSDS Prepared By Ronnie Meadows (210) 564-3200
 Trade Name..... **Luxcare Tire Dressing**
 Product Use..... Dressing and waterproofing tires

Section 2 - Hazardous Ingredients of Material

| No. | Chemical Identity | Concentration | CAS | PEL | TLV | STEL | IDLH |
|-----|------------------------------|---------------|---------|-----|-----|------|------|
| 1 | Dimethicone Emulsion Mixture | Trade Secret | MIXTURE | N/A | N/A | N/A | N/A |

NA = Not Applicable ND = No Data Available < = Less Than > = More Than * Ceiling Value ** Chemical Believed to be a Potential Carcinogen (NIOSH)

Section 3 - Hazardous Identification

| | | | |
|---|---|--|---|
| EYE SKIN LUNGS NERVOUS SYSTEM REPRODUCTIVE BLOOD LIVER KIDNEYS | <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | This chemical may affect the eye or visual capacity This chemical may affect the dermal layer of the body This chemical may irritate or damage pulmonary tissue This chemical may produce a toxic affect on the nervous system May affect reproductive capabilities including mutations and effects on the fetus. This chemical may act on the blood or hematopoietic system; decrease hemoglobin function; deprive tissue of oxygen This chemical may produce liver damage - Hepatotoxins This chemical may produce kidney damage - Neprotoins | WHMIS Warning: <div style="text-align: center;">None</div> |
|---|---|--|---|

Section 4 - First Aid Measures

| | | |
|---|---|--|
| INGESTION EYE CONTACT SKIN CONTACT INHALATION SPECIAL | <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | DO NOT induce vomiting. Rinse mouth with water and give plenty of milk. Never give liquids to an unconcious victim - Seek Immediate Medical Attention Flush immediately with plenty of water for at least 15 minutes - Seek Medical Attention Wash thoroughly with soap and water - Seek Medical Attention if irritation persists Remove to fresh air. If breathing is difficult give oxygen - If not breathing give artificial respiration -Get Medical Attention None Identified |

None

Material Safety Data Sheet

Luxcare Tire Dressing

Section 5 - Fire-Fighting Measures

Flashpoint F

N/A

Flashpoint C

N/A

Upper Explosion Limit

Not Determined

Lower Explosion Limit

Not Determined

Auto-Ignition Temp.

Not Determined

Extinguishing Media

Carbon dioxide, dry chemical, water fog, water spray, foam.

DO NOT USE WATER

Special Fire Fighting Procedures

Use self contained breathing apparatus when fighting large fires.

Section 6 - Accidental Release Measures

Spill and Leak Requirements

Small leaks-mop up, wipe up, or soak up immediately. Large spills-contain material and ventilate area. Do not dump into sewers, on the ground, or into any body of water.

Section 7 - Handling and Special Storage

Handling and Special Storage

Keep containers closed when not in use. Store in a cool place with adequate ventilation. Storage location should be constructed for containment and dilution/neutralization of spills.

Additional Storage Requirements

Section 8 - Exposure Controls and Personal Protection

Eye Protection

Wear approved eye protection to safeguard against potential eye contact, irritation or injury. Use chemical goggles if material is to be sprayed.

Skin Protection

Wear chemical resistant gloves, suits, aprons, and boots to safeguard against potential skin contact, irritation or injury.

Comments

None needed with proper engineering controls. Use when concentrations exceed the PEL/TLV. Maintain ventilation to keep vapor concentration below the PEL/TLV.

Section 9 - Physical and Chemical Properties

Physical State

Liquid

Odor and Appearance

Slightly opaque liquid - grape odor

Specific Gravity

Not Determined

Vapour Pressure

Not Determined

Vapour Density

Not Determined

Evaporation Rate

Not Determined

Boiling Point

Not Determined

Freezing Point

Not Determined

pH

Not Determined

Density (g/ml)

Not Determined

Section 10 - Stability and Reactivity

Stability

Material is Stable

Material is NOT Stable

Incompatibility

Strong Oxidizing Material

Hazardous Decomposition Products

Thermal decomposition may yield nitrogen oxides

Hazardous Polymerization

May Occur

Will NOT Occur

WHMIS Code

N/A
None

Material Safety Data Sheet

Luxcare Tire Dressing

Section 11 - Toxicological Information

| | |
|-------------------------------|--|
| Acute Over Exposure Effects | Not Determined |
| Chronic Over Exposure Effects | Not Determined |
| Eye Contact | Direct contact may cause moderate irritation. If contact occurs, immediately flush with water for 15 minutes. Get medical attention. |
| Skin Contact | May cause moderate irritation. If contact occurs, wash skin thoroughly with soap and water or waterless cleaner. Get medical attention if irritation or other ill effect develop or persist. |
| If Inhaled | Mist may irritate the nose and throat. If inhalation occurs, remove to fresh air. Get medical attention if ill effects persist. |
| If Swallowed | Low ingestion hazard. If swallowed, get medical attention. |

Section 12 - Ecological Information

N/A

Section 13 - Disposal Considerations

Dispose in accordance with local, state, and federal regulations.

Section 14 - Transportation Information

Ship as per DOT requirements in 49 CFR. Ship in accordance with local, state, and federal regulations.

Section 15 - Regulatory Information

| No. | Chemical Identity | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15 | 16 | 17 | 18 | 19 | 20 | 21 | 22 | |

TLV - Threshold Limit Value. An estimate of the average safe airborne concentration of a substance in representative conditions under which it is believed that nearly all workers may be repeatedly exposed day after day without adverse effect. TLVs are published annually by the ACGIH (American Conference of Governmental Industrial Hygienists).
 PEL - Permissible Exposure Limit. The OSHA limit of employee exposure to chemicals; found primarily in 29 CFR 1910.1000.
 STEL - Short Term Exposure Limit. The maximum concentration for a continuous 15-minute exposure period.
 IDLH - Immediately Dangerous to Life and Health. The concentration of an airborne chemical which may cause irreversible health effects or death.
 Ceiling - The maximum allowable concentration to which an employee may be exposed.
